SAMPLE

1. What is Missouri's stance on the open carry of firearms?

A. It is prohibited statewide

B. It is allowed without a permit

C. It is allowed only with a CCW permit

D. It is allowed but local governments can opt out

The state of Missouri allows the open carry of firearms, but local governments have the option to prohibit it within their jurisdictions. This means that while open carry is generally allowed, it may not be permitted in certain areas depending on local laws and regulations. Option A is incorrect because it states that open carry is prohibited statewide, which is not true. Option B is not entirely correct either, as Missouri does require a permit for open carry but local governments may still opt out. Option C is also incorrect because it implies that open carry is only allowed with a specific type of permit (CCW), which is not the case in Missouri.

2. Does Missouri recognize concealed carry permits from other states?

A. Yes, from all states

B. No, from no states

C. Yes, but only from states that have a reciprocity agreement with Missouri

D. Yes, but only if the permit holder is passing through Missouri

Missouri recognizes concealed carry permits from all states. This means that if you have a valid concealed carry permit from any state, it will be honored in Missouri. This reciprocity allows individuals to carry concealed weapons while in Missouri without the need for a separate permit from the state.

3. Who is responsible for issuing CCW permits in Missouri?

A. Missouri State Highway Patrol

B. County Sheriff's Department

C. Department of Public Safety

D. Local Police Department

A The Missouri State Highway Patrol is responsible for statewide law enforcement, including traffic enforcement, criminal investigations, and other duties. However, they are not responsible for issuing CCW permits. B: The county sheriff's department is the correct answer. They are responsible for issuing CCW permits in Missouri. They are typically the main law enforcement agency in a county and have the authority to issue CCW permits to qualified individuals. C: The Department of Public Safety is a state-level agency responsible for coordinating and supporting Missouri's public safety services. They do not have the authority to issue CCW permits. D: The local police department may assist with the CCW permit application process, but they do not have the authority to issue the permits themselves. This responsibility rests with the county sheriff's department.

4. When approached by law enforcement in Missouri, a person carrying a concealed firearm should:

A. Immediately reveal the location of the firearm

B. Notify the officer that they are carrying a concealed firearm

C. Refuse to disclose they are carrying a firearm

D. Only disclose if asked by the officer

In Missouri, when approached by law enforcement, a person carrying a concealed firearm should notify the officer that they are carrying a concealed firearm. This is important for transparency and communication purposes to ensure the safety of both the individual and the officer. By immediately disclosing the presence of the firearm, the individual demonstrates respect for the law and helps to prevent any misunderstandings or potential escalation of the situation. It is crucial to follow the legal requirements and guidelines regarding carrying a concealed firearm to promote a safe and secure environment for everyone involved.

5. How soon after moving to Missouri must you apply for a Missouri CCW permit if you have one from another state?

A. Immediately

B. Within 30 days

C. Within 60 days

D. Missouri recognizes all state's permits, no need to apply

If you have a CCW permit from another state and you move to Missouri, you are required to apply for a Missouri CCW permit within 30 days of establishing residency in the state. This is important to ensure that you are abiding by Missouri's laws and regulations regarding concealed carry permits. Therefore, option B is the correct answer in this case. Option A (Immediately) is not the correct choice because the law gives you a grace period of 30 days to apply for a Missouri CCW permit after establishing residency. Option C (Within 60 days) is not the correct choice as the correct time frame for applying for a Missouri CCW permit after moving from another state is within 30 days, not 60 days. Option D (Missouri recognizes all state's permits, no need to apply) is not the correct choice because even if you have a CCW permit from another state, once you become a resident of Missouri, you are required to obtain a Missouri CCW permit within 30 days.

6. What may happen if a CCW permit holder is found to be in possession of a firearm while intoxicated?

A. Immediate arrest

B. Revocation of their CCW permit

C. A warning for the first offense

D. Mandatory alcohol education classes

If a CCW permit holder is found to be in possession of a firearm while intoxicated, the correct answer is revocation of their CCW permit. This consequence is in place to ensure the safety of the individual and others, as carrying a firearm while under the influence of alcohol can lead to dangerous situations. By revoking their CCW permit, the individual is no longer authorized to carry a concealed weapon, reducing the risk of any potential harm.

7. Which of the following locations is NOT a prohibited place for carrying concealed in Missouri?

A. Schools

B. Private businesses that have posted no guns signs

C. Bars

D. Your own residence

In Missouri, carrying a concealed weapon in your own residence is not considered a prohibited location. The law generally allows individuals to possess and carry firearms in their own homes without restrictions. This is based on the concept of the sanctity of one's home and the right to self-defense within the privacy of one's own property. On the other hand, schools, private businesses that have posted no guns signs, and bars are all locations where carrying a concealed weapon is prohibited in Missouri. Schools are designated as gun-free zones to ensure the safety of students and staff. Private businesses have the right to prohibit firearms on their premises by posting appropriate signage. Carrying firearms in bars is also restricted due to the potential risks associated with mixing firearms and alcohol.

8. What is NOT a requirement for applying for a Missouri CCW permit?

A. Being a U.S. citizen

B. Passing a firearms safety training course

C. Having a Missouri driver's license

D. Being at least 25 years old

While being a U.S. citizen, passing a firearms safety training course, and having a Missouri driver's license are all requirements for applying for a Missouri CCW permit, being at least 25 years old is not. According to the Missouri Department of Public Safety, the minimum age to apply for a CCW permit is 19 years old. Therefore, being at least 25 years old is not a necessary requirement and is the only option that stands out as incorrect.

9. Which of the following disqualifies someone from receiving a CCW permit in Missouri?

A. Being under indictment for a felony

B. Having a misdemeanor conviction for driving while intoxicated

C. Both A and B

D. Neither A nor B

In order to receive a CCW permit in Missouri, an individual must not be disqualified from doing so by any applicable laws. These laws include being under indictment for a felony, as well as having a misdemeanor conviction for driving while intoxicated. Option A and B are both individually disqualifying factors, with option C being the combination of both disqualifying factors. Option D, on the other hand, states that neither A nor B would disqualify someone from receiving a CCW permit in Missouri, which is incorrect. Therefore, the correct answer is C.

SAMPLE

10. How long is a Missouri CCW permit valid before it needs to be renewed?

A. 3 years

B. 4 years

C. 5 years

D. 10 years

The Missouri CCW permit is valid for a specific period of time before it needs to be renewed. The incorrect options of 3, 4, and 10 years suggest shorter or longer validity periods, which is not accurate and therefore incorrect. The Missouri CCW permit is valid for 5 years before renewal is required, as stated in the state's laws and regulations. It is important for permit holders to stay up-to-date on the expiration date of their permit to avoid any legal issues.
